NOTES:

About MUSC

The Medical University of South Carolina (MUSC), founded in 1824, is one of the nation's top academic health science centers, with a 700-bed medical center and six academic colleges. As South Carolina's only comprehensive academic health center, its campus is located on more than 80 acres in the city of Charleston, with an overall population of about 14,000 clinicians, faculty and staff. Approximately 3,000 students study for degrees at the baccalaureate, masters, doctoral, and other professional levels. The University also provides residency training for more than 700 graduate health professionals. The teaching staff is comprised of more than 1,700 full and part-time faculty.
